

Graduate Certificate in Nursing Practice (Paediatrics)

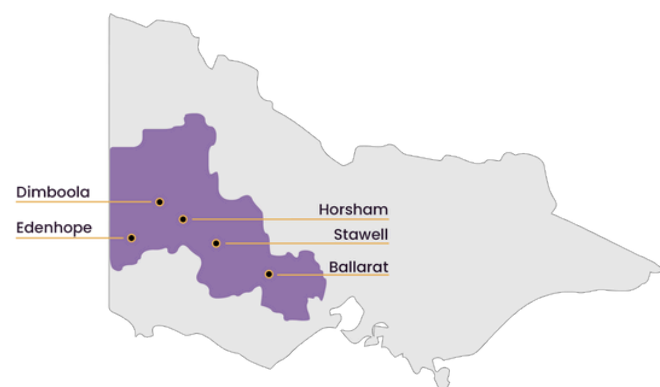

delivered in partnership with University of Melbourne

About Grampians Health

Grampians Health is dedicated to delivering comprehensive and accessible healthcare solutions to our diverse population across the Grampians region.

Committed to the wellbeing of individuals, families, and communities, we prioritise effective prevention and health promotion strategies. Through a collaborative approach, we aim to strengthen the capacity of the communities we serve, ensuring equitable access to high-quality care, closer to home.

Serving over 250,000 residents across 48,500 square kilometres, we focus on innovation and compassion and strive to be at the forefront of healthcare excellence, fostering a healthier and thriving Grampians region.

Grampians Health campus locations in Victoria

Aims

- Provide an academic and clinical environment for your professional growth into specialised paediatric care
- Provide you with a broad paediatric knowledge base enabling you to effectively plan and care for children and their families

Duration

- 12 months duration commencing in January
- Employment contract of 0.84 EFT for the duration of the course

Location

The Graduate Certificate in Nursing Practice (Paediatrics) is offered at our Ballarat campus.

Grampians Health Paediatric and Adolescent Unit

Our Paediatric and Adolescent Unit cares for children aged 28 days to 18 years of age.

Patients are admitted from a variety of sources including emergency, consultant rooms, inter-hospital transfers, and outpatients.

We provide a wide range of acute care and outpatient services for children.

Theoretical Component

University of Melbourne provides the theoretical component of the course. Grampians Health provides a strong supportive link challenging your theoretical knowledge in the clinical setting. The theoretical program is completed in one academic year.

Clinical Component

The clinical component of the course is undertaken within the Paediatric Unit of Grampians Health's Ballarat campus. at your employing hospital or health care service. Specific objectives and assessments are set by University of Melbourne.

The Clinical Nurse Educator provides structured clinical tutorials, worksheets, daily bedside clinical teaching and progressive, dynamic assessment methods in order for you to achieve clinical performance.

Clinical Support and Assessments

Clinical supervision, assessment and planning is undertaken by the Clinical Nurse Educator – Paediatrics. The Educator's role is to support, mentor and facilitate the student's clinical program and educational development.

Formal clinical appraisal and assessment of competency skills are undertaken throughout the course in accordance with University of Melbourne guidelines. Clinical assessments focus on the acquisition, understanding and demonstration of clinical skills in specialised areas of paediatrics.
