POSITION PURPOSE

Working under the leadership and support of the clinical stream Lead Pharmacist, Senior Pharmacist Team Leaders and Deputy Director of Pharmacy Clinical Services & Education, this position is primarily responsible for delivery of high quality, continually improving clinical pharmacy services within the multidisciplinary health care team, on a rotational basis, to the patients of Grampians Health Ballarat.

In addition, the successful applicant will:

- Support the Senior Pharmacy Leadership Team to enhance team building and excellence within Pharmacy Services.
- Participate in pharmacy education programs, mentor, and supervise undergraduate students and interns, and provide education to the Pharmacy Services team and staff from other disciplines.

The successful applicant may also be required to represent the Pharmacy Department in relevant forums and committees, provide support across other areas of the Pharmacy Department including clinical and operational services as required. Additional responsibilities may be delegated by the Senior Pharmacy Leadership Team. After completion of training, the successful applicant will be required to participate in weekend/public holiday rosters as well as on-call services as rostered for the Pharmacy Department.

KEY ACCOUNTABILITIES

Clinical Pharmacy Practice and Service Provision

- Provide assessment, intervention and consultative clinical pharmacy services to inpatients and/or ambulatory care patients admitted under the assigned clinical stream at Grampians Health Ballarat. Clinical pharmacy services are to be provided in line with the current version of the Society of Hospital Pharmacists of Australia Standard of practice for clinical pharmacy and other relevant specialty standards of practice.
- Contribute to effective patient flow by proactively coordinating and prioritising clinical pharmacy tasks to ensure timely clinical consultation and review particularly at transitions of care.
- Ensuring the smooth transition of patients through the health care system, liaising with relevant staff and community agencies to ensure continuity of care for individual patients and their families.
- Regularly participate in and support clinical pharmacy team attendance at relevant multidisciplinary team meetings, ward rounds or team reviews and other clinical meetings to advise on pharmaceutical management issues (including but not limited to monitoring, safety, efficacy, tolerability, compliance, and transition of care issues).
- Provide and/or facilitate the delivery of education, training and awareness sessions for the multidisciplinary team, patients/carer, and other service user groups relevant to the rostered role.
- Act as a reference point for medicine information and clinical pharmacy queries for the assigned clinical unit/s in response to queries from patients, carers, multidisciplinary team colleagues and clinical pharmacy team members.
- Liaise with relevant internal and external care providers to ensure continuity of care for Grampians Health patients and their families.
- Ensure organisational, Pharmacy Services and clinical pharmacy team communication and documentation standards are met, as evidenced by audit.
- Participation in the development of clinical pharmacy services that are accessible to those patients of Grampians Health with the greatest potential to benefit.
- Participation in strategic planning, staff meetings, service development and other relevant forums.
- Ensure the ongoing ability to provide clinical excellence by:
 - Participating in and meeting the standards of the Grampians Health Performance Development and Review Program.
 - Participating in and fulfilling the requirements of the Grampians Health and Pharmacy Services specific orientation, induction, mentorship, supervision, and performance management or development programs as directed.
 - Maintain and document ongoing CPD at a level applicable to the post and consistent with requirements of AHPRA.
 - Practice within the Code of Ethics of the Society of Hospital Pharmacists of Australia.

- Ensure the relevant legislative requirements, hospital guidelines, NSQHC accreditation and professional standards are met.
- Monitor new developments through journal review, attend and present at relevant Grampians Health and external in-services, discipline or specialty conferences and other relevant educational opportunities.
- Record clinical pharmacy KPI data, monitor and ensure all clinical activities undertaken fulfil or exceeds the applicable competency standards of the profession, and the standards set by the Pharmacy Department.
- Engage in, support and promote evidence based clinical pharmacy practice and ensure outcomes are monitored and modifications are made as required.

Quality Improvement, Research and Innovation

- Model and facilitate commitment to excellence and innovation as evidenced by assisting with and completing at least one documented quality improvement activity or research project annually for the advancement of clinical pharmacy services or patient care. Publication in a peer reviewed journal or presentation at relevant clinical pharmacy conferences, seminars or education events desirable.

General Accountabilities

Communication

- Maintain effective and high quality oral and written communication at all levels within Grampians Health and with external organisations.
- Active and collaborative participation in Pharmacy Department, clinical discipline meetings and Grampians Health meetings as delegated by the Lead Pharmacist or Deputy Director of Pharmacy Clinical Services & Education, as evidenced by attendance records and via structured feedback such as peer feedback and annual performance review.
- During clinical pharmacy rotations, be accessible to Lead Pharmacist and/or Senior Pharmacist Team Leader on a day-to-day basis to provide support and assist with problem solving
- Communicate with the Lead Pharmacist and/or Senior Pharmacist Team Leader in relation to clinical, team and stream issues.

Information Management

- Ensure information is managed in line with organisational and Pharmacy Service standards.
- Ensure documentation standards as set by the Pharmacy Department and organisation are met as evidenced in audits.
- Participate in discussion pertaining to staffing requirements, workloads, and roster planning issues with the senior Pharmacy Services leaders, and assist with monitoring the efficiencies of new work practices and quality activities relevant to role.
- Participate in discussion pertaining to resource allocation, formulary management and revenue generation.
- Understand financial policies and processes, practice fiscal responsibility and act in accordance with relevant organisational policies and procedures.
- Facilitate an appreciation of departmental financial processes with students (including work experience students), intern pharmacists and other Grampians Health staff.

Governance and Risk Management

- Demonstrate compliance with all Grampians Health Policies and Procedures.
- Adhere to infection control policies and procedures as identified in the Grampians Health Infection Control Manuals.
- Participate in the Grampians Health integrated risk management and quality improvement systems by being aware of responsibilities to identify, minimise and manage risks and identifying opportunities for continuous improvement in the workplace through communication and consultation with managers and colleagues.
- Demonstrate an understanding that the affairs of Grampians Health, its patients, clients, and staff remain strictly confidential and are not divulged to any third party except where required for clinical reasons or by law. Such confidentiality shall extend to the commercial and financial interests and activities of Grampians Health.
- Recognise and respect diversity. Each person has a right to high-quality health care and opportunities regardless of diversity factors which might include aspects such as cultural, ethnic, linguistic, religious

background, gender, sexual orientation, age, and socioeconomic status. Inclusiveness improves our service to our community and promotes engagement amongst BHS employees.

- Demonstrate a commitment to patient centred health care and services, consistent with the Grampians Health values, mission, and vision. It is expected that the core values of patient centred care are demonstrated in every interaction with patients, carers, and colleagues.

This post is one of continual development. The job description is intended as a guide to the principal duties and responsibilities of the post and complements individual objectives set in line with the Pharmacy Service and Directorate annual business objectives. Responsibilities will be reviewed periodically in line with service priorities and duties may change or new duties be introduced after consultation with the post holder.
