## ORGANISATIONAL INFORMATION (GLHSN)

In July 2023, the Victorian Department of Health commissioned an Expert Advisory Committee to examine the design and governance of Victoria's health services system. The Committee developed the Health Services Plan, which provides recommendations for a more connected systems that delivers the right care, at the right time, at the right place, for all Victorians. The Plan recommended establishing 12 Local Health Service Networks – geographic groupings responsible for planning and managing care so that it meets the population needs of their communities. The Grampians Health Local Service Network (GLHSN), which commenced formally on 1 July 2025, incorporates eight regional health services. Grampians Health is responsible for employment contracts on the GLHSN's behalf.

In the broader context, all Networks are focused on the same priority areas. Currently these include:

- **Access, equity and flow** – improving care pathways for patients, clinical service planning across Networks, developing plans for better collaboration with the wider mental health and wellbeing sector in their region, and supporting aged care patients to stay out of hospital.
- **Workforce** – development of Network workforce plans and sharing of data to strengthen and sustain the health workforce through a coordinated, regional approach to planning and managing staff.

- **Safety and quality** – increasing safety and quality of care by embedding whole-of-system continuous improvement to deliver a safer, more person-centred, and sustainable health system.
- **Shared services** – identifying back-office efficiencies and sharing findings with other Networks.

## POSITION PURPOSE

The Program Coordinator is a strategic enabler, responsible for uplifting program capacity and building robust systems that empower the GLHSN to deliver on its collective strategic priorities. By supporting and improving the design, delivery and outcomes of programs and projects across all priority areas, the Program Coordinator strengthens the overall portfolio—ensuring the Network's collective efforts are aligned, integrated and delivering measurable benefits for the Network, all member health services, and the communities they serve.

The role strengthens governance, sequencing, reporting and strategic planning - ensuring the GLHSN operates proactively with clear visibility of priorities, progress and emerging themes. Through collaboration, future-focused planning and practical support, the Program Coordinator enables the GLHSN to anticipate and address challenges, deliver sustainable improvements and maximise value for all stakeholders.

This role leads Network-wide initiatives and frameworks but does not hold direct responsibility for the statutory or operational obligations of individual member health services.

## KEY ACCOUNTABILITIES

### Program Capacity & Strategic Alignment

- Build and maintain systems for coordination, planning and reporting to support effective program delivery.
- Uplift program management capability to ensure consistent prioritisation and execution aligned to strategic objectives.
- Embed practices that drive alignment with Network priorities and support continuous improvement—so that individual program success contributes to a stronger, more effective portfolio.

### Governance & Committee Coordination

- Facilitate alignment and coordination across governance committees for shared understanding of priorities and progress.
- Support clear sequencing of committee inputs, recommendations, decisions and escalation of issues or risks as required.

- Promote consistent decision-making pathways and reduce duplication.

### **Priority Project Leadership & Support**

- Lead or support the design and delivery of strategic project initiatives that advance Network priorities.
- Scope projects, clarify desired outcomes and provide structured support as needed.
- Step in to resolve challenges and ensure initiatives remain on track, escalating complex issues appropriately.

### **Portfolio, Performance, Financial Insight & Future Prioritisation**

- Maintain a consolidated view of all programs, projects, inter-dependencies and delivery status across the Network.
- Analyse activity, performance and financial data to inform executive decision-making and guide the evolution of the portfolio.
- Develop and maintain frameworks and processes for future prioritisation, including the development of future-year budgets and priorities, ensuring a clear pipeline of Network priorities and business case readiness.

### **Network Integration**

- Proactively support integration with the lead agency for procurement, legal, finance and other corporate functions.
- Liaise with relevant teams to ensure Network-wide activities are coordinated and compliant.
- Facilitate seamless collaboration and an attitude seeking to understand different perspectives.

### **Digital Enablement, Dashboards & Continuous Improvement**

- Utilise digital tools to streamline reporting and coordination.
- Develop and maintain dashboards that provide high-level visibility of risks, issues, scheduling and emerging themes across the Network.
- Drive improvements in data quality, process efficiency and ways of working through feedback and innovation.
- Support the transition to more digital, accessible information systems across the Network.

### **Other Duties**

- Undertake other responsibilities as required, consistent with the role and organisational priorities.

## **KEY SELECTION CRITERIA**

### **Qualifications**

- Tertiary qualification in health administration, business, public administration, finance or a related discipline (such as project management) is essential.
- Demonstrated experience supporting programs/portfolios and strategic projects in complex public sector or health environments at a senior level.
- Experience preparing performance, program and financial information for executive or governance decision-making.
- Proven ability to exercise advanced judgement, autonomy and escalation in complex environments.

### **Technical/Professional Knowledge and Skills**

- Demonstrated knowledge of quality improvement and associated methodologies is desirable.
- Previous experience working in the improvement and innovation field would be highly regarded.
- Comprehensive ability to utilise technology and software, including Microsoft Office suite of programs and project management software is necessary.
- Possession of a valid Driver's Licence is necessary.

### **Work Environment**

- The role involves working within the Grampians Local Health Service Network, encompassing both remote and on-site collaboration. Ability to travel across the region is necessary.

### **Personal attributes**

- Demonstrated ability to exhibit adaptability and flexibility to effectively respond to changes, shifting priorities, and evolving challenges as they arise.

- Demonstrated ability to be open and accepting of new ideas and approaches to improvement.
- Supports different approaches and thought processes when working through complex problems, to identify an effective solution.
- Proven capacity to maintain collaborative relationships with teams and professionals.
- Demonstrated ability to work autonomously with proficient problem-solving skills.
- Ability to work both independently and as part of a team.

## **ORGANISATIONAL REQUIREMENTS**
