

eReferrals: Cancer Services

Grampians Health's Ballarat campus has transitioned to the **HealthLink platform** for electronic referrals. This includes the existing Ballarat Health Services (BHS) referral template currently used within Practice Management Software (PMS), and a new, dedicated Cancer Services referral template.

Who can refer?

Referrers can submit eReferrals using HealthLink, either via supported Practice Management Software or through the secure HealthLink web portal.

Supported software

Best Practice, Genie, Medical Director, Medtech Evolution, Shexie Platinum, Zedmed

Need help?

The transition process is being delivered in coordination with Western Victoria Primary Health Network.
